Financials 2019

Chair's Foreword John Slater ONZM

Kia ora tātou and welcome to Foundation North's annual report.

Over the last year the Foundation started to implement its 15-year strategy to respond to our rapidly growing and changing Auckland and Northland regions. Alongside our longstanding support for a diverse range of our regions' community organisations, we started to look more actively to support initiatives that will help us achieve impact around our strategic priorities: reducing inequalities; building social cohesion; disrupting intergenerational disadvantage; enabling community economic development; and conserving and enhancing our environment for the benefit of all communities in our region.

This has meant some changes within the Foundation. Our team is now increasingly looking for grantmaking opportunities to address the systemic social and environmental issues affecting our region. In order to be more responsive to our communities, we have actively increased the diversity of our staff and have worked to strengthen our internal cultural capability. We are aware that we cannot move the dial on our priorities working in isolation, and accordingly we are seeking opportunities to work in partnership with our communities, and organisations which share our goals. All this is underpinned by a commitment to evidence-driven practice, and to ensuring we are responsive to the organisations and communities that approach us for funding.

Grants

Over the year to 31 March 2019 the Foundation approved 609 grants to not-for-profit organisations and community initiatives. The value of these grants was \$37.6m compared to \$38.7m in the 2017-18 year (with an additional \$10m approved in 2017-18 from our Iconic Reserve for the new Auckland City Mission building).

Capital, Investments and Reserves

Our investment portfolio grew during the year from \$1.312 billion to \$1.359 billion. The Foundation sets aside an amount each financial year to allow for the impact of inflation. Inflation for the 12 months to 31 March 2019 was 1.5% and the amount set aside for the year was \$14.1 million (2017-18 1.1%, \$10.2m).

The performance of the funds under management was favourable to the benchmark against which returns are measured for the financial year. The return on the Foundation's diversified investment portfolio in the year to 31 March 2019 was \$93.5 million (compared to \$99.2 million in the 2017–18 year). This represents a return of 6.7% net of fees (compared to 7.7% for 2017-18 year). This was well ahead of the benchmark composite index return of 5.3%. As a long-term investor however, the Foundation also considers long-term performance. The five year return on our funds under management was 7.8% per annum, which compares favourably to the five year benchmark of 7.2%.

The portfolio is invested in line with our Statement of Investment Policy & Objectives that includes our Responsible Investment policy. We are a signatory to the United Nations Principles for Responsible Investment (UNPRI) and our performance against the Principles is measured. In the latest assessment against the UNPRI, the Foundation received an A rating for Strategy and Governance and A ratings across all assessed asset classes.

In the years when our returns exceed our benchmark, this helps to increase the Foundation's reserves. In part, these reserves will enable us to make grants despite fluctuations in investment markets. This is an important consideration given the many organisations that rely on our funding to enable them to provide services and programmes for our communities. The reserves held by the Foundation grew from \$371.1 million in the 2017-18 year, to \$404.2 million. Of this, \$91.2 million are reserves set aside specifically to permit continuity of funding.

Our trustees

During the year we welcomed Brian Corban, Ngaire Rae, Michelle Tsui and Romy Udanga to the Board. As new trustees join the Foundation, each brings a range of experiences, connections and insights to our work. This ensures that the discussions around the board table remain robust as trustees continually assess how effectively we are fulfilling our responsibility to steward our endowment for future generations, and how well we are responding to the current and emerging needs of our Auckland and Northland communities.

Our new trustees replaced Moe Milne ONZM, Auva'a Unasa Enosa Auva'a and Mark Brickell, all of whom ended their terms with the Foundation in 2018. My thanks to Moe, Unasa and Mark for your significant contributions to the Foundation in your roles as governors.

I would like to make a special acknowledgement of my predecessor as Chair, Huei Min (Lyn) Lim. Lyn finished a two year term as Chair on 31 March, having joined as a trustee in 2010. During Lyn's term as Chair, the Foundation carried out the complex process of development of our strategy to 2033 to guide an investment through our grants into Auckland and Northland communities of around half a billion dollars.

As we thought through our strategy as trustees, Lyn kept us focused on the opportunity we had to take an intergenerational view of the needs and aspirations of the communities we serve. This had a considerable impact on our thinking about how we can offer 'support for the communities of today to shape the communities of tomorrow.' Thank you, Lyn, for your leadership.

Our team

In 2018 our chief executive Jennifer Gill advised the trustees of her intention to retire from the Foundation in 2019. Accordingly, the board commenced a search for a replacement for Jennifer.

We did not underestimate the challenge associated with replacing a chief executive who has led our organisation with distinction for fifteen years, and who has a distinguished record in the philanthropic sector in New Zealand and internationally as an outstanding and innovative leader. Jennifer has made a remarkable contribution to our country.

Her commitment to developing the quality of philanthropic practice in New Zealand has helped influence not just the way the Foundation works, but also the work of other community, corporate and family trusts and foundations. While Jennifer is retiring from the Foundation, her experience and wisdom will continue to be accessed by leaders and organisations looking to shape a better Aotearoa, and a better world. Thank you Jennifer for your years of service to the Foundation.

Jennifer will be succeeded in the current financial year by Peter Tynan, whose career includes leading the transformation of Southern Cross Healthcare Society over eight years as chief executive.

My thanks to my fellow trustees, and Foundation management and staff, and our wider community of grantees and partners. You all contribute to enhancing the lives of all of us lucky enough to live in our regions.

Summary Statement of Service Performance

The summary statement of service performance seeks to provide an overview of Foundation performance – inputs, outputs and the developing area of outcomes achieved.

Strategic Goals

Our context

Following a review undertaken during 2017-18, Foundation North's Committees, and the strategic approach adopted by the Foundation, changed with effect from 1 April 2018. Informed by an evidence review of our communities and key stakeholders, the review identified key priorities and outcomes that the Foundation wanted to achieve to contribute towards its vision of enhancing the lives of all the people of our region. The composition and delegated authorities of the Committees also changed to allow flexibility and responsiveness to better serve the communities of Auckland and Northland. Finally, the Foundation decided to focus its grantmaking approach on the achievement of identified outcomes and priorities. The need to report against the new Strategic Plan is the principal element in our choice of relevant service information.

Through the Community Trusts Act, Foundation North has an ongoing responsibility to the community and will distribute funding in perpetuity.

Funding strategies that seek to reduce inequalities will lead to better outcomes for everyone in the region. Our grantmaking is focused on funding for outcomes and across priorities, selected by evidence-based approaches.

To achieve impact, supporting community strengths and aspirations is important.

Not working in isolation is essential to achieve our vision, and we can leverage our role to convene and build effective partnerships.

Our 15-year strategy provides regular opportunities to review and reflect on our progress, and where needed evolve our work in response to changes in our context.

Our work is underpinned by our principles of practice, including respect for the partnership relationship enshrined in the Treaty of Waitangi, to engage and work with Māori and Iwi organisations in a manner consistent with a Treaty-based relationship.

Our principles of practice also recognise the importance of responding to the needs and aspirations of the Pacific communities of our region.

The diverse needs of our region's immigrant and refugee populations also guide the way we seek to work.

We apply sustainable investment strategies to preserve capital and maximise funding available for granting. We have a responsibility to support the Auckland and Northland communities. To respond effectively to our communities, we utilise our opportunities and assets, which include:

Our opportunity

- Our size and scale, which give us the ability to take risks with new things whilst maintaining support for a broad range of positive community initiatives
- Our presence in perpetuity, which enables us to take an intergenerational view and systems focus
- Our ability to be responsive, evolving our approach based on evidence, learning and community aspirations
- Our history of innovation, which provides a platform for ongoing efforts to try new things for increased impact
- Our governance, which provides the basis for robust decision-making and evidence-based strategy-setting

The communities we work with guide our grantmaking, and we seek to work with others to achieve our vision.

Statement of Service Performance – the basis of our practice is our theory of change, so this is used as the basis of our statement of service performance.

Our theory of change articulates our role in the community and philanthropic sectors, as well as the practices we will undertake to achieve our outcomes and, in the long-term, deliver on our vision.

It summarises who we are, what we do and what we'd like to achieve through our work. It also acknowledges we are a funder that will exist in perpetuity and therefore have a unique role in funding and working with communities. We have used our theory of change as the basis for an overview of the Foundation's performance – the inputs, outputs and progress towards achieving outcomes. These are centred on effective grantmaking, investments and philanthropic practice.

Our context

Our opportunity

Our activities

How we undertake the activities:

Working in partnership: We seek to build relationships with Iwi and other stakeholders, including other philanthropic funders, to achieve a shared, intergenerational vision for our communities. We are collaborating and working with a wide number of stakeholders, including Ngāti Whātua Ōrākei, Ngātiwai, Crown agencies, Auckland Council, The Tindall Foundation and The Nature Conservancy.

- Building relationships with Iwi 3 example exploring support for sustainable fisheries with a Tai Tokerau Iwi
- Relationships with central government working with 4 Ministries example sharing the learnings from MPEI.
- Relationships with local government working with 4 local councils example joint funding of significant projects such as the Auckland City Mission.
- Working with funders 6 funders example joint funding with The Tindall Foundation for projects in Northland.

Growing capability: We support community capability and potential for impact through capability building and convening. We have funded capability building via the Centre for Social Impact and directly to applicants/grantees. This means that grantees receive additional support alongside their grant to help them – grants in this category totalled \$248,000 in 2018-19.

Working strategically: We work in ways that are evidence informed to achieve outcomes aligned with our vision. Our strategies and policies have been developed in evidence-based ways (research, data and stakeholder interviews). We continually build on our practice and improve our processes through monitoring and evaluating our work. Some of our research can be found here: https://www.foundationnorth.org.nz/how-we-work/resources/

Working responsively: We prioritise opportunities that align with our Māori, Pacific and Ethnic Diversity strategies. We have staff leading and delivering on each strategy: Pou Ārahi, Pacific Strategy Activator and Ethnic Diversity Strategy Activator. Each strategy aims to develop new and responsive ways to achieve its goals. Highlights include: establishing a Māori staff group - Tū Māia Manea; attendance at Northland Pasifika Fusion festival and ASB Polyfest; and celebration of Race Relations Day.

Trying new things: We test new models of investing and working with community to continually strengthen our practice. We have developed new ways of working and funding, for example, an innovation programme focused on seed-scale-system funding to restore the mauri of the Hauraki Gulf, and introducing roundtable reporting for some grantees.

Learning: We are a learning organisation and look to share our insights to support the work of others. An example of this is the research done to support the development of the Ethnic Diversity Strategy, https://www.foundationnorth.org.nz/how-we-work/diverse-communities/. We have a Monitoring, Evaluation and Learning Framework to guide our evolving practice; this includes convening internal learning sessions with staff and trustees; tracking internal and external data; outcomes harvesting to understand the impacts of our grants; a biennial applicant survey; sharing grantee digital stories; and ongoing discussions with stakeholders to get external feedback. Our innovation work is informed by a learning framework and in-depth evaluations were conducted for Catalysts for Change, MPEI and G.I.F.T.

Strategic Goals: Continued

Priorities to achieve our vision

We recognise the importance of targeting our support to communities of greatest need. To achieve our vision, we will prioritise initiatives that respond to community aspirations and provide strengths-based opportunities to:

Address the persistent inequalities affecting:

- Northland and South Auckland communities (funded 103 grants totalling \$5,883,747)
- Māori and Pacific communities (funded 43 grants totalling \$3,690,535)

Strengthen social cohesion within and between our diverse communities, particularly for:

- Refugee-background communities (funded 9 grants totalling \$559,740)
- Migrant-background communities. (funded 17 grants totalling \$393,680)

Achieve positive outcomes for children and young people, to disrupt intergenerational disadvantage. (funded 87 grants totalling \$6,452,983)

Enable community economic development, particularly for the communities most affected by income inequalities (funded 14 grants totalling \$3,247,533)

Conserve and enhance our environment for the benefit of all communities in our region (funded 34 grants totalling \$1,873,085)

Outcomes to achieve our vision

We recognise the importance of focusing on outcomes to support communities across our region. Community grants must be aligned to at least one of these outcomes:

Increased participation (funded 215 grants totalling \$8,659,933)

Increased social equity (funded 42 grants totalling \$3,758,983)

Enhanced environmental wellbeing (funded 39 grants totalling \$2,134,165)

Increased family and whānau resilience (funded 116 grants totalling \$6,240,143)

Increased community capability and selfdetermination (funded 59 grants totalling \$8.096.675)

Increased inclusion and social cohesion (funded 74 grants totalling \$3,954,029)

Enhanced cultural vibrancy (funded 51 grants totalling \$3,375,567)

Increased effectiveness of philanthropic practice – this is an internal outcome for the Foundation. We have strengthened our practice and contributed to the philanthropic sector through a variety of ways, such as collecting and sharing evidence, supporting collaborative practices with other funders and sectors, learning sessions, and conducting internal and external surveys.

Maximise the funding available for granting, through investment. Funding is essential to fulfilling the vision.

Signs of progress towards our vision

By funding for outcomes and across our priority areas, we believe that we will achieve our vision to enhance the lives of all people of the Auckland and Northland regions. One year into our 15-year strategy, we are seeing signs that we are making progress.

A few examples of the sources providing our early signs of progress include:

- Our biennial applicant survey: Results from 2018 survey show high-quality staff engagement and support for grantees to achieve impact; positive feedback on range of projects supported; grants and reporting processes generally straightforward; areas for improvement identified in communication and support for specific ethnic groups.
- Catalysts for Change evaluation: The evaluation from 2018 showed clear impact for young people not in education, employment and training, for the organisation and for the youth sector. Digital story from a Catalysts for Change grantee: https://www.foundationnorth.org.nz/news-reports/2019/6/new-digital-story-te-ara-rangatahi/
- G.I.F.T Year Two learning: Year Two report on outcomes and learnings: https://www.giftofthegulf.org.nz/media
- MPEI Longitudinal Study: Significant insights from this high-engagement innovation fund about what works for Māori and Pacific families and understanding what success looks like for whānau. This has informed our grantmaking practice and will continue to do so over the duration of the study. https://www.foundationnorth.org.nz/how-we-work/maori-pacific-education-initiative/

Internal foci

There have been a number of internal developments which demonstrate our commitment to achieving our goals and vision:

- Our work has shifted more towards addressing systemic issues.
- We have greater diversity in staff and have strengthened cultural capability within the organisation.
- Our practice is driven by evidence and good practice and we're sharing learning with the community. We have run or hosted a range of internal and external learning sessions. These were made up of workshops, reflective sessions, 'Kōtuitui' interweaving conversations with thought leaders, convened community and sector conversations and peer learning meetings.
- We are more focused on working in partnership with community and listening to what their needs are.
- We have made changes based on what applicants need and supporting applicants in areas that they need help in.

The performance of the funds under management was favourable to the benchmark against which performance is measured for the financial year. The return was \$93.5 million or 6.7% net of fees (compared to \$99.2 million and 7.7% for 2017-2018). The benchmark composite index returned 5.3% for the financial year $(8.3\%\ 2017-2018)$. As a long-term investor however, the Foundation also considers long-term performance and the five-year performance was 7.8%, favourable to the five-year benchmark of 7.2% (2017-2018 7.9% actual, 7.4% benchmark).

Granting was maintained in accordance with the granting policy. The reserves held by the Foundation are \$404.2 million (2017-2018 \$371.1 million).

Independent Auditor's Report

To the Trustees of Foundation North

Report on the summary consolidated performance report

In our opinion, the accompanying summary consolidated performance report on pages 4 to 9, and 11 to 14:

- has been correctly derived from the audited consolidated performance report of Foundation North and its subsidiaries (the "Group") for the year ended 31 March 2019; and
- is a fair summary of the consolidated performance report, in accordance with PBE FRS 43 Summary Financial Statements.

The accompanying summary consolidated performance report comprises:

- the consolidated summary statement of financial position as at 31 March
- the consolidated summary statements of comprehensive revenue and expense, changes in equity and cash flows for the year then ended;
- notes, including a summary of significant accounting policies and other explanatory information; and
- the summary statement of service performance and entity information on pages 4 to 9.

Basis for opinion

We conducted our audit in accordance with International Standard on Auditing (New Zealand) (ISA (NZ)) 810 (Revised) Engagements to Report on Summary Financial Statements.

Our firm has also provided other services to the group in relation to taxation during the year ended 31 March 2019. In addition to these services, during 2014, the Foundation and our firm entered into a memorandum of understanding (the "Agreement"). Under this Agreement, the firm may provide professional advice, pro bono, to selected beneficiaries as identified by the Foundation should these beneficiaries align with the objectives of the firm's national communities programme. This Agreement does not represent a business relationship between the firm and the Group, nor does it create any obligation upon either party, however, it may result in our firm providing service, pro bono, to a grantee of the Group. Subject to certain restrictions, partners and employees of our firm may also deal with the group on normal terms within the ordinary course of trading activities of the business of the group. These matters have not impaired our independence as auditor of the group. The firm has no other relationship with, or interest in, the group.

11 Use of this independent auditor's report

This report is made solely to the Trustees as a body. Our audit work has been undertaken so that we might state to the Trustees those matters we are required to state to them in the Independent Auditor's Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Trustees as a body for our audit work, this report, or any of the opinions we have formed.

Responsibilities of the Trustees for the summary consolidated performance report

The Trustees, on behalf of the trust, are responsible for:

- the preparation and fair presentation of the summary consolidated performance report in accordance with PBE FRS 43 Summary Financial Statements; and
- implementing necessary internal control to enable the preparation of a summary consolidated performance report that is correctly derived from the audited performance report.

Auditor's Responsibilities for the summary consolidated performance report

Our responsibility is to express an opinion on whether the summary consolidated performance report is consistent, in all material respects, with (or are a fair summary of) the audited performance report based on our procedures, which were conducted in accordance with ISA (NZ) 810 (Revised) Engagements to Report on Summary Financial Statements.

We expressed an unmodified audit opinion on the performance report in our audit report dated 26 August 2019.

The summary performance report does not contain all the disclosures required for a full performance report under generally accepted accounting practice in New Zealand. Reading the summary performance report, therefore, is not a substitute for reading the audited performance report of the Group.

Foundation Information

1. Foundation Entity

Foundation North (the Foundation) is an "in perpetuity" Trust registered under the Charitable Trusts Act 1957, and operates under the Community Trusts Act 1969.

As a Not for Profit Public Benefit Entity (PBE) domiciled in Auckland New Zealand, the Foundation distributes grants to qualifying organisations in the Auckland and Northland regions. Through its granting programme the Foundation seeks to enhance the lives of people in its region by equitably sharing and managing its resources. As an in perpetuity Trust its resources are held in trust for present and future generations domiciled in the regions.

2. Foundation Structure

The Foundation North Group consists of the Foundation and its subsidiary companies, Foundation North Grants Limited (Grants Limited), Centre for Social Impact New Zealand Limited (CSI), Foundation North Property Holdings Limited and ASB Community Trust Limited.

The Foundation owns the underlying Group's assets which include an investment portfolio and land and buildings.

Grants Limited holds the Foundation's long term reserves for granting in times of low/negative investment returns (Stabilisation Reserve) and current year Grant Reserves. Grants are made from these reserves for approved projects on recommendation from the Foundation's Board. Grant applications which are received from qualifying organisations are evaluated against the Foundation's funding programme policies.

CSI supports high engagement ventures funded by the Foundation through its Catalysts for Change, Key Community Partnerships and Community Support Grants Funding Programmes. CSI also supports catalytic change ventures undertaken by philanthropic and community organisations.

Foundation North Property Holdings Limited is the vehicle chosen to hold the Group's future investments in NZ direct property, it has not yet commenced trading.

ASB Community Trust Limited is a dormant company.

Te Kete Putea Limited Partnership (TKPLP), an associate company, owns and provides support for the Foundation's Grants Management System. This arrangement ended on 31 March 2018. TKPLP was wound up on 31 August 2018.

3. Trustees

The Foundation is governed by a Board consisting of up to fifteen Trustees appointed by the Minister of Finance. Statement of Service Performance

Organisational Background, Governance, Planning, Monitoring and Evaluation

Foundation Governance

Foundation North operates under its Trust Deed (as amended) dated 18 June 2015 and the Community Trusts Act 1999.

Board Membership

The Board of Trustees comprises of up to 15 Trustees appointed by the Minister of Finance for a four year term.

Conflicts of Interest

It is recognised that Trustees will have a wide range of involvement with the community and the potential for conflict of interest will arise from time to time.

To cover this eventuality, any Trustee who has an interest in any matter before the Foundation must record that interest in the Foundation's Register of Interests.

That Trustee is not counted in the quorum present at the meeting. They may not vote in respect of the matter they have an interest in and must absent themselves from any discussion or consideration of it.

Before the conduct of business, the Chair of any meeting of the Trustees asks for the disclosure of any interest in the upcoming business. The minutes of the meeting record any disclosure of interest made, the entry in the Register of Interests of that disclosure and the absence of the Trustee from the meeting while the matter is dealt with.

Board Committees 2018-19 Financial Year

The Board has sub-committees to assist with the operation of the Foundation:

Appointments and Remuneration Committee

This Committee assists the Board in discharging its responsibilities in the employment of a CEO and CFO, other broader human resources issues and the appointment of the directors and chairs of subsidiary companies and members of the Foundation's standing committees.

Grants committee

These committees review applications which have been assessed by the funding team and make recommendations to the full Board of the Foundation. They also consider policy and strategy development.

Investment committee

This committee considers the investment policy, objectives, strategies and asset allocations of the Foundation and makes recommendations to the full Board. The committee reviews the portfolio against benchmarks and fund managers' performance against their benchmarks.

Audit, Finance, Risk and Compliance committee

This committee reviews annual budgets and monthly and annual financial statements and information prior to submission to the Board. It is also responsible for identifying, assessing and managing business and organisational risk and assisting the Board in the discharge of financial reporting responsibilities.

Maori and Pacific committee

This Committee assists the Board in developing and implementing the Foundation's Māori and Pacific strategies, and to be responsible for the recommendation to the Board of the applications to be funded through the Foundation's Māori and Pacific Education Initiative (MPEI).

GIFT Committee

The objective of the GIFT Committee is to assist the Foundation in discharging its responsibilities for matters relating specifically to the development and implementation of Foundation's Gulf Innovation Together Fund (GIFT) programme.

Innovation Committee

The objective of the Innovation Committee is to enhance the Foundation's ability to create positive outcomes for our region by exploring new ways of working using experimentation and prototyping to maximise learning. The four areas of focus are:

- South Auckland innovation
- Impact investment
- Innovation for Foundation North Priorities
- Support for innovation in Pacific, Maori and Ethnic Diversity strategies

Strategic Goals

Following a review undertaken during 2017-18, the Committees and strategic approach adopted by the Foundation changed with effect from 1 April 2018. Informed by an evidence review of our communities and key stakeholders, the review identified key priorities and outcomes the Foundation wanted to achieve to help with its vision of enhancing the lives of all the people of our region. The composition and delegated authorities of the Committees have also been changed to allow flexibility and responsiveness to better serve the communities of Auckland and Northland. Finally, the Foundation has decided to focus its grant making approach on the achievement of identified outcomes and priorities. The need to report against the new strategic plan is the principal element in our choice of relevant service information.

Statement of Service Performance – the basis of our practice is our Theory of Change, so this is used as the basis of our statement of service performance
Our theory of change articulates our role in the community and philanthropic sectors, as well as the practices we will undertake to achieve our outcomes and in the long-term, deliver on our vision.

It summarises who we are, what we do and what we'd like to achieve through our work. It also acknowledges we are a funder which will exist in perpetuity and therefore have a unique role in funding and working with communities. We have used our theory of change as the basis for providing an overview of the Foundation's performance – the inputs, outputs and progress towards achieving outcomes. These are centred on effective grant making, investments and philanthropic practice.

Our innovation work is informed by a learning framework and in-depth evaluations were conducted for Catalysts for Change, communities. We have a Monitoring, Evaluation and Learning Framework to guide our evolving practice; this includes convening done to support the development of the Ethnic Diversity Strategy, https://www.foundationnorth.org.nz/how-we-work/diverse-MPEI, and GIFT

Signs of progress towards our vision

By funding for Outcomes and across our Priority areas, we believe that we will achieve our vision to enhance the lives of all people of the Auckland and Northland regions. One year into our 15-year strategy, we are seeing signs that we are making progress.

A few examples of the sources providing our early signs of progress include:

Our biennial applicant survey: results from 2018 survey show high quality staff engagement and support for grantees to achieve impact; positive feedback on range of projects supported; grants and reporting processes generally straightforward; areas for improvement identified in communication and support for specific ethnic groups.

- Catalysts for Change evaluation: evaluation from 2018 show clear impact for young people not in education, employment and training, for the organisation, and for the youth sector. Digital story from a Catalysts for Change grantee: https://www.foundationnorth.org.nz/news-reports/2019/6/new-digital-story-te-ara-rangatahi
- GIFT Year Two learning: Year 2 report on outcomes and learnings: https://www.giftofthegulf.org.nz/media
- MPEI Longitudinal Study: significant insights from this high engagement innovation fund about what works for Maori and Pacific families and understanding what success looks like for whanau. This has informed our grant making practice and will continue to do so over the duration of the study. https://www.foundationnorth.org.nz/how-we-work/maori-pacific-education-continue to do so over the duration of the study. initiative/

Internal Foci

There are a number of internal developments which demonstrate our commitment to achieve our goals and vision:

- Our work has shifted more towards addressing systemic issues.
- We have a greater diversity in staff and have strengthened cultural capability within the organisation.
- Our practice is driven by evidence and good practice and we're sharing learning with the community. We have run or hosted a range of internal and external learning sessions. These were made up of workshops, reflective sessions, kotuitui interweaving conversations with thought leaders, convening community and sector conversations and peer learning meetings.
- We are more focused on working in partnership with community and listening to what their needs are.
- We have made changes based on what applicants need and supporting applicants in areas that they need help in.

2. Basis of Preparation

The Foundation's financial statements have been prepared on the following basis:

Statement of Compliance:

The financial statements have been prepared in accordance with New Zealand Generally Accepted Accounting Practice (NZ GAAP). They comply with Tier 1 PBE Accounting Standards (Not-for-Profit) and with the provisions of the Community Trusts Act 1999 and the Financial Reporting Act 2013.

Functional and Presentation Currency:

These financial statements are prepared in New Zealand Dollars which is the presentation and functional currency.

Basis of Measurement:

Except for financial assets and liabilities (designated at fair value through revenue or expense) and land and buildings (which are revalued at five yearly intervals) historical cost is the basis of measurement.

The financial statements have been prepared on a going concern basis.

Estimates and Judgements:

Information about estimates and judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in the following notes:

Note 7: Investments Note 9: Fixed Assets

3. Revenue from Investments

Revenue from investments includes interest, dividends, and realised and unrealised gains and losses related to investments classified as fair value through revenue and expense. Interest received is recognised on an accrual basis applying the effective interest rate method.

5. Activity Costs

Activity costs relate to third party operating costs incurred by subsidiary companies for client service delivery and support services.

6. Grants Expense

Grants to eligible organisations are accounted for when they are approved by the Board. Payments to grant recipients are made on the satisfaction of any restrictions or conditions which may have been placed on the grant.

Grants that are no longer required or not fully utilised by grant recipients are disclosed separately in the Consolidated Statement of Revenue and Expense as either Grants Written Back or Grant Refunds Received.

Grants Committed and disbursed	22,721	19,941
Grants Committed but unpaid	14,892	28,760
Total Grants approved and committed to Community Groups	37,613	48,701

7. Investments

Investments meet the definition of financial instruments and are classified at fair value through Profit and Loss upon initial recognition resulting in these assets being measured at fair value through revenue or expense.

Transactions are recorded by Fund Managers on a trade date basis and are initially recognised at the fair value of the consideration paid. After initial recognition investments are managed at their fair value through revenue or expense. Revaluations are undertaken at each reporting date based on the methodologies outlined in *PBE IPSAS 29 Financial Instruments: Recognition and Measurement*. All realised and unrealised gains and losses are recognised in the Consolidated Statement of Comprehensive Revenue and Expense. Associated transaction costs are recognised in revenue or expense as incurred.

Investments are derecognised only when the contractual rights to the cash flows arising from the asset expires or are transferred and the transfer qualifies for derecognition.

Details of portfolio liquidity are disclosed in note 8.

Investment Portfolio Construction:

The portfolio is invested in pooled and segregated funds managed by 30 investment managers (2018: 27) recommended by the Foundation's Investment Adviser Cambridge Associates LLC and approved by the Investment Committee. The Foundation is not involved with the analysis, sale or purchase of individual asset securities. Each asset grouping and the portfolio as a whole is measured against an appropriate internationally accepted standard benchmark or index.

The portfolio is made up of four asset groupings:

- **Growth Assets** include both global listed equities (including New Zealand/Trans-Tasman equities) and private equity.
- **Diversification Assets** are included to reduce the volatility inherent in an equity-biased portfolio. The returns from this asset class are not highly correlated to equity and fixed income markets, thereby reducing the variability of returns without sacrificing performance. This asset class consists of Hedge Funds and Absolute Return Funds.
- **Inflation Hedging Assets** are included to provide insurance from an unexpected spike in inflation. This asset class consists of listed and unlisted real assets which are sensitive to inflation.
- **Deflation Hedging Assets** are included to provide insurance against a prolonged economic contraction. In order to fulfil its deflation hedging role, a significant proportion of the allocation to Global (including New Zealand) Fixed Interest will be in Sovereign Securities. Cash is also included in this asset grouping.

At balance date the portfolio was made up of:

	2019 \$000	2018 \$000
Portfolio Transactions	φσσσ	φσσσ
Balance as at 1 April	1,351,058	1,297,213

Net withdrawals	(51,293)	(45,395)
Total Portfolio	1,393,230	1,351,058

Transactions through the portfolio are summarised as follows:

	2019 \$000	2018 \$000
Portfolio Composition		,
Growth Assets	697,337	656,869
Diversification Assets	255,640	271,947

Deflation Hedging Assets	295,263	277,398
Total Portfolio	1,393,230	1,351,058

Foreign Currency:

Foreign currency transactions are recorded in New Zealand dollars at the spot rate applying at the time of the transaction. All outstanding foreign currency balances at balance date are translated to New Zealand dollars at the closing exchange rate for that day. The value of the investment portfolio with currency exposure amounted to \$1,068.7 million (2018: \$1,039.1 million).

All realised and unrealised foreign currency gains and losses are recognised in the Consolidated Statement of Comprehensive Revenue and Expense.

Fair Value Hierarchy:

PBE IPSAS 30 Financial Instruments: Disclosures requires the disclosure of financial assets according to the Fair Value Hierarchy. There are three levels in the Hierarchy:

- Level 1: quoted prices (unadjusted) which are regularly available to market participants in active markets for identical assets and prices represent actual and regularly occurring market transactions on an arm's length basis.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset that are not based on observable market data (unobservable inputs).

The Fair Value Hierarchy for the Investment Portfolio is:

	2019	2018
Fair Value Hierarchy	\$000	\$000
Level 1	677,263	704,660
Level 2	533,824	537,070
Level 3	182,143	109,328
Total Porfolio	1,393,230	1,351,058

There were no significant movements between Levels 1 and 2.

Movements in Level 3 Assets:

	2019	2018
Level 3	\$000	\$000
Opening Balance	109,328	67,884
Drawdowns	53,934	45,751
Return of Capital	(6,898)	(5,786)
Changes in Fair Value recognised in the Consolidated Statement of Revenue and Expense	25,779	1,479
Closing Balance at 31 March	182,143	109,328

8. Risk Management

The Foundation's income is generated from its investments which are used to fund its operations and grant funding programmes.

Inherent risks arising from the Foundation's financial assets and liabilities are managed through an ongoing process of identification, measurement and monitoring. Through its investing activities the Foundation is exposed to credit risk, liquidity risk, and market risk (including currency, interest rate and pricing risks).

Information regarding the fair value of assets and liabilities exposed to risk is regularly reported to the management, the Audit, Finance and Risk Committee, Investment Committee and ultimately to the Foundation Board. Under normal circumstances the Investment Portfolio is regularly rebalanced to ensure that asset classes remain within the Strategic Asset Allocation set out in the Foundation's Statement of Investment Policy and Objectives (SIPO).

Credit Risk:

Credit Risk arises where a counterparty fails to discharge an obligation which will result in a financial loss to the Foundation.

The Foundation manages credit risks through:

- a diversified and non-correlated basket of investments across traditional and alternative assets classes
- the use of a multi-fund manager approach to portfolio investments

- compliance with mandate requirements of each investment
- Standard & Poor's rating categories are used to manage the credit quality of the Foundation's Bond portfolios. At balance date the credit risk ratings of the Bond and Cash portfolios were:

	AAA to AA-	A+ to A-	BBB+ to B	CCC, NR Other	2019 \$000
New Zealand Bonds Global Bonds Cash Total	92.5% 55.1% 64.5%	4.9% 34.9% 22.6%	2.6% 10.0% 12.9%	0.0% 0.0% 0.0%	218,649 34,318 55,683 308,650
					2018 \$000
New Zealand Bonds Global Bonds Cash Total	93.2% 53.5% 66.9%	3.7% 39.3% 24.5%	3.1% 7.2% 8.6%	0.0% 0.0% 0.0%	217,013 33,248 52,308 302,569

Liquidity Risk and Capital Maintenance:

The Foundation is an "in perpetuity" Trust. As such it protects its capital base by ensuring that provision is made to counteract the effects of inflation erosion. This is explained in Note 11.

The Foundation manages its ability to meet current obligations through ensuring it maintains liquidity within the portfolio. The portfolio maintains a minimum allocation to cash of 3%. At balance date liquid assets (either cash or investments which could be realised in cash within twelve months) totalled 72.2% (2018: 76.6%).

Market Risk:

Market Risk arises from fluctuations in the future value of cash flows from financial assets due to changes in market variables such as interest rates, foreign currency exchange rates, and market prices.

The exposure to market risk is managed through the policies set out in the Foundation's SIPO.

In order to understand the sensitivity to all market risks, the Foundation performs a value at risk sensitivity analysis. This analysis combines interest, foreign currency and pricing risks to determine the impact of volatility across each asset class in the investment portfolio and for the portfolio as a whole. In applying this methodology there is a 68% probability (i.e. one standard deviation either side of the mean) that the expected investment return from the portfolio is within the range of:

	2019	2018
Volatility	minus 1.5% to plus 19.7%	minus 1.7% to plus 19.7%
Value Impact	minus \$21.0 Million to plus \$275.2 million	minus \$23.0 Million to plus \$266.9 million

The overall effect of the Foundation's uncorrelated portfolio of investments is to reduce the overall volatility and stabilise investment returns over time.

- Interest Rate Risk relates primarily to the Foundation's investment in bonds which are held in both pooled and segregated accounts.
- **Currency Risk** arises when the Foundation is exposed to foreign currency risk both directly through investments denominated in a foreign currency, and also indirectly where fund managers invest in foreign currency securities.

The following are all hedged back to the New Zealand Dollar. Growth Assets (except for Emerging Market and Private Equity Funds which are unhedged) are 74.7% and Inflation Hedging Assets are 38.6% hedged respectively. Diversification Assets are 77.7% hedged. Global Fixed Interest investments are 100% hedged.

At balance date the exposure to currency risk was:

	2019	2018
	\$000	\$000
Financial assets with currency exposure	1,068,716	1,039,068
Hedged currency exposure as at 31 March	(558,550)	(473,103)
Unhedged currency exposure at 31 March	510,166	565,965
North America	010 400	045.004
	313,439	345,094
Europe	29,498	55,615
Asia	98,868	121,220
Oceania	42,352	13,274

Africa & Middle East	8,595	10,254
Russia	4,242	4,614
Unhedged currency exposure at 31 March	510,166	565,965

• **Pricing Risk** arises from an increase or decrease in the fair value of the Foundation's financial assets as a result of changes in market prices. The SIPO sets out the asset allocation policy. The portfolio is rebalanced to align with these policies. The composition of the investment portfolio is set out in Note 7.

9. Fixed Assets

Land (50 - 52 Ponsonby Road) and buildings (Allendale House and Annexe 2013) are measured at fair value at the date of revaluation less subsequent accumulated depreciation and impairment losses.

Valuations are performed at five yearly intervals. The last valuation was undertaken at 31 March 2018. This revaluation was based on the then current market value assessed by Seagar and Partners (Auckland) Limited taking account of estimated market rentals and capitalisation rates. The valuation took account of observable prices in active markets. Where estimates were used, they were made on the basis of appropriate valuation techniques. Key assumptions included the Category 1 New Zealand Historic Places Heritage rating on Allendale House, and occupancy and rental rates.

An increase in valuation is recorded in Other Comprehensive Revenue and credited to the Asset Revaluation Reserve Account in Foundation Equity. However, to the extent that the revaluation increase reverses a revaluation decrease in the same class of asset previously recognised in revenue or expense, the increase in valuation is recognised in revenue or expense. A decrease in a valuation is recognised in revenue or expense, except to the extent that it offsets an existing credit balance on the same asset class in the Asset Revaluation Reserve Account. Land and Buildings were valued at \$7.28 million (2018: \$7.28 million) being fair market value at 31 March 2018, as determined by the market valuation undertaken by registered property valuers.

Annexe 2013 is depreciated on a straight line basis over its useful life which is determined to be 50 years (2018: 50 years). Allendale House, which has a Category 1 New Zealand Historic Places Heritage Rating, has not been depreciated since 31 March 2008 as the useful life of the asset is considered indefinite.

Fixed Assets other than land and buildings are measured at cost, less accumulated depreciation on a diminishing value basis over their expected useful life and impairment losses.

10. Grants Payable

Outstanding Grants are classified as other liabilities and are initially recognised at fair value and subsequently at amortised cost using the effective interest rate method.

Committed but unpaid Grants are recognised as liabilities once approved and communicated to recipients. At balance date committed but unpaid grants totalled \$44.6 million (2018: \$50.3 million). The timing for the payment of these grants is uncertain and is considered current.

Outstanding Grants Payable	2019 \$000	2018 \$000

11. Foundation Equity

Foundation Equity consists of:

• Real (Inflation Proofed) Capital — the "in perpetuity" nature of the Foundation requires Trustees to preserve Real Capital for the benefit of current and future generations. The original capital arose from the sale of shares settled on the Foundation in terms of the Trustee Banks Restructuring Act 1988. Each year sufficient funds are set aside from Reserves to increase Real Capital by the annual rate of inflation as measured by the Consumer Price Index.

The Real Inflation Proofed Capital and Reserves form the Foundation's Equity and maintain its capital base. The Foundation is not permitted to make grants from its Real Inflation Proofed Capital. Grants cannot therefore be committed at any time when the Reserves are in deficit.

- Asset Revaluation Reserve —any movement in this Reserve measures the difference between the market value of land and buildings and their pre-valuation carrying value.
- **Reserve for Grants** this Reserve is held for the purpose of providing a stable flow of grants to the Foundation's communities during times of adverse investment returns.
- **General Reserve** this Reserve is held to provide funds for future developments.
- **Retained Surplus** this Reserve is the accumulation of the Foundation's comprehensive revenue and expense. It is used to provide a stable flow of grants to the Foundation's communities and to fund other reserves and capital.

12. Subsidiaries

Subsidiaries are entities controlled by the Foundation. Financial statements of the subsidiaries are included in the financial statements from the date of control until the date that control ceases.
